## SUBSTITUTE TEACHERS AND BUS DRIVERS NEEDED

Midway Public School is in desperate need of substitute teachers and bus drivers. If interested, please contact Kristine Dale or Jason Keating at Midway Public School, (701) 869-2432. Midway Public School will help interested parties locate paperwork or obtain the training necessary to meet requirements.

## MIDWAY FOOD PANTRY UPDATE

Midway's Pantry continues to be accessible to any-

one living within the Midway School District. Senior citizens and those without school-aged children may also utilize it. We are well stocked and funded at present. The Pantry has not been well utilized so far this school year. This is unfortunate in that there are probably families out there who are struggling with food inadequacies and could use the help. Please, if you have a need or know of someone who would benefit from this program, don't hesitate to access the Pantry. You may access the Pantry for another party if they are homebound, etc. General hours of operation are: 8:30 am to Noon, Monday through Friday. If these hours do not work for you, call the school to arrange another time, we will be flexible for you. There are no eligibility requirements, it is open to all.

Art Woods, Food Pantry Coordinator

## MUSINGS FROM THE HS MATH ROOM 110

It is hard to believe that Thanksgiving is just around the corner and that I am beginning to plan where my math classes will be in their content by semester time. It has been a busy fall here in the high school math room. My freshmen Algebra I class is quite large once again and I have been enjoying getting to know them and their learning styles as many of them are the oldest in their family and I have not had a sibling before. In both geometries, we recently took a class period to write directions for PB & J sandwiches and then make them while following the exact directions. We had many goofy-looking sandwiches which led to a good discussion about the importance of writing exactly what we mean as we were about to embark on learning how to write a proof. Algebra II students have been digging deep as we are dealing with holes in their learning due to distance learning in the spring of 2019 when they were still in Algebra I. Again, I am blessed with two wonderful senior girls in Precalculus who come prepared to class and work hard at the different assignments I give them. But most of all, I am thankful for the students tolerating my wobbling around the classroom this fall as I had a meniscus surgery at the beginning of the school year. Healing has been slow but students have been kind to help me carry textbooks, pass out papers, and wait patiently as it takes me much longer to get to their desks to answer questions. I always tell others that we have some of the BEST students at Midway. I am truly grateful to be their teacher.

Mrs. Zikmund
