

COPYRIGHTED MATERIAL & INTELLECTUAL PROPERTY

Copyright Prohibitions

The Midway School District (District) shall abide by the provisions of copyright law, including Fair Use Standards. The District prohibits illegal duplication in any form. Copyright materials, whether they are print or non-print; published online; or in the form of software, music, a digital medium or a performance shall not be duplicated or performed unless such use is under law or unless appropriate written permission from the copyright holder has been received and, if applicable, royalties paid.

Compliance

Each school office should maintain copies of federal Fair Use guidelines and federal Fair Use Standards for off-air taping of copyrighted audio and audiovisual works. Legal counsel should review any proposed usage beyond the guidelines.

The superintendent should take the follow actions to promote and enforce this policy as applicable: issue memorandums regarding this policy and federal Fair Use Guidelines to employees as needed, post notices of copyright law and this policy in appropriate locations, install filtering software on district networks to prevent illegal downloading and file sharing, and notify students of this policy through the use of student handbooks.

Intellectual Property

Any copyrightable work produced by a District employee within the scope of his/her duties is considered “work made for hire”. The District owns all copyrightable rights to these items. Employees have no right to use such work outside the scope of their district duties without the board’s permission. “Work made for hire” must remain with the District upon separation.

The Midway School Board (Board) authorizes the Superintendent to sell “work made for hire” products to other school systems, organizations, or commercial firms.

Violations

Administration shall investigate all complaints of alleged copyright violations.

Student and employees who willfully disregard the District’s copyright position are in violation of Board policy and shall be subject to disciplinary consequences in accordance with applicable policies and law. In addition, employees who willfully disregard this policy do so at their own risk and assume all liability. The District may also deem employees who willfully violate copyright laws to be acting outside the scope of employment.
