

## **SUPERINTENDENT'S CONSULTING ACTIVITIES**

The Midway School Board (Board) expects the Superintendent to devote his or her undiminished attention and energy to the concerns of the Midway School District (District). The Superintendent shall not be engaged in any other employment nor in long-term consulting assignments. However, the Board recognizes the Superintendent's obligation to contribute to the profession of school administration and to the cause of public education generally. This policy, therefore, does not prohibit the Superintendent from undertaking consulting work which does not conflict with obligations to the District. Any such task that requires the Superintendent's absence for two or more days must have prior approval of the Board. If the Superintendent will receive stipend for the consulting it shall be done outside of schools hours or the Superintendent shall reimburse the District for the amount of school time spent on the task.
