

SUPERVISION OF STUDENT TEACHERS

Participation

Midway Public Schools will accept student teachers contingent upon the approval of the supervising teachers.

Duties, Responsibilities of Student Teachers

Student teachers shall teach only in the areas in which they will be eligible for certification. A student teacher shall be provided with appropriate materials and supplies needed in the performance of teaching duties. A student teacher shall not be used as a substitute teacher. The student teacher and his/her college or university shall cooperate by providing each supervising teacher with information about the student teacher including but not limited to background, college record, or any special problems of which the supervising teacher and school administrator should be aware.

Reimbursement

Any reimbursement made to the district by the student teacher's college or university shall be paid to the supervising teacher.
