

EARLY DISMISSAL FOR WORK

Seniors may be dismissed from school, prior to the regular dismissal time, in order to hold a job. Permission will depend on:

1. A requirement that the student's parent/guardian submit written permission authorizing the student's dismissal request.
2. A requirement that a parent/guardian sign a waiver acknowledging that the school's responsibility for the student's safety and welfare does not extend beyond the scheduled dismissal time.
3. A notice that requests deemed unreasonable will be denied.
4. A notice that approved requests that interfere with and/or impair a student's academic performance shall be revoked.

Such early dismissal shall only occur at the end of the student's scheduled classes. Completion of graduation requirements and the overall school class schedule shall take precedence over early dismissal in the scheduling of classes. Special considerations for seasonal work will be made on a case-case basis.
